

Expanding or relocating your healthcare business?

Consider Hanover Township, the “jewel” of Morris County

Healthcare - a vital sector in a time of transition.

Healthcare is one of Morris County’s most critical industry sectors, accounting for almost 118,000 employees and 13.2% of the County’s total employment.

Morris County is host to several major medical institutions such as Morristown Memorial Hospital, Saint Clare’s Hospital and Chilton Memorial Hospital. Furthermore, numerous private practice medical offices, clinics and laboratories are located in the county. In addition, Morris County is home to global pharmaceutical and manufacturing firms.

The healthcare industry is in a state of transition, facing dramatic changes in law and technology amid national and global economic challenges. The need for a trained workforce and the ability to connect with service providers, suppliers and customers have never been more urgent.

In selecting a site for your new, expanding or relocating business, your company can locate in a welcoming community that offers connectivity within the industry, an educated professional populace, and the infrastructure needed to manage rapid transition - and growth - in a changing environment.

By virtue of its unique location within the tri-state metropolitan area, Hanover Township provides excellent market access, a high-quality workforce, and outstanding sites that your healthcare-related business needs.

Hanover Township - incorporating the Whippany and Cedar Knolls sections offers an ideal location for healthcare-related businesses.

Hanover is minutes away from Morristown Medical Center and the headquarters of global industry leaders BASF and Novartis.

Situated in the heart of the Boston-Washington corridor and a mere 35 miles from New York City, Hanover offers phenomenal advantages in terms of air, rail and highway travel. The Township is intersected by several major interstate roadways,

and the Morristown Municipal Airport is a premier general aviation facility with global reach. Hanover also offers a broad range of hotels, as well as top-rated, major shopping centers.

The Township and surrounding areas host a world-class labor force. The percentage of adults residing in Morris County with college degrees is nearly three times the national average. Local colleges and universities further enhance workforce development, and our region’s civilian labor force is projected to grow at a healthy rate through 2012.

Hanover has one of the lowest property tax rates in Morris County, and is keenly aware of the importance of maintaining a business-friendly environment. The Township, and its Economic Development Advisory Committee (“EDAC”), will work closely with your business to make your transition to Hanover seamless and successful.
